And many other Christmas Presents too numerous to mention

Pastime Pool Room Morrison & Clayton

YOU

Must be interested in what I have been able to do for you. I have just opened out a parcel of direct importations from one of the largest factories in the world. Directly from the factory and at a low price. I have today selling a solid gold watch for \$24.95 and gold jewelry with real pearls and diamonds for \$18.00, usually sold for \$30.00. My stock is too large for a small town but the prices are sure to catch all buyers in the town. In fact it will make buying a pleasure. Cannot describe my stock, please call and inspect, all welcome.

happenings of interest in and Around this Bustling Town. You are Talked About

Write it 1909.

D. Smith, of Lethbridge, is in town on business.

Mrs. D. L. Stauffer returned from a visit to Fernie on Monday.

Frank Steel, of Merritt, is doing business in town this week.

R. Wool, of Trillo-Week, Fernie, came to Coleman on Tuesday.

Captain Beebe, of Blairmore, was a visitor in Coleman on Tuesday.

J. A. McDonald, of Lundbreck, was a visitor in town on Friday last.

J. E. Upton, of Pincher Creek, was visiting his business place in town this week.

If it is high class printing you want send your order to the Miners' office, Phone 61A.

Inspector W. Belcher, R. N. W., of Pincher Creek, came to town on Tuesday.

Miss Blanche Hilling returned from Fernie on Monday last where she had been visiting friends.

Rev. James Sargent will conduct Baptist service in the Oddfellows' hall, Coleman, on Sunday at 11 a.m.

The regular monthly children's service at the Institutional church will be held next Sunday morning at usual time.

Dr. J. C. Jones, of Vancouver, B.C., is a visitor to Mr. and Mrs. J. A. Morrison.

R. H. Evans, of Vancouver, has accepted a position at Mr. Graham's grocery shop and arrived here on Monday night.

Fred G. Allen, of Fernie, was visiting his Coleman friends on Tuesday. He returned to Fernie on Wednesday.

TO RENT—A three roomed Shanty opposite the Boarding house. For further particulars apply at the COLEMAN MINERS' OFFICE.

Mrs. N. Murphy and daughter, of Red Deer, who have been visiting Mr. and Mrs. W. L. Olinette for several weeks, left for home yesterday.

M. A. Rhynes, of the I. O. O. F. Company's office at Lethbridge, has been transferred to the Royal Colonies, Lethbridge and left on Tuesday to take up his duties there.

Joseph E. Wright, of Olinette, is a visitor here, after spending a enjoyable Christmas with friends at Calgary and Red Deer.

Monday night was the coldest night ever known in Coleman. It was then 60 below zero. On Tuesday night it was 31 and Wednesday 40 below.

Bob White has purchased the B. C. restaurant from G. B. Porter and is now in charge. Mr. White is employing actively union help and is striving to have his lunch counter advertise for the Lethbridge Herald.

FOR SALE—A cottage beautifully situated, comfortable and located in the residential portion of Coleman. A good cash proposition or easy terms will be given. S. Charles Brooks, "The Cottage Woods," Brook street, Merritt, Nicola, B.C.

On Tuesday of last week Dr. and Mrs. McSorley were the guests of Dr. Westwood. While here Dr. McSorley assisted Dr. Westwood in setting Mr. Lewis' leg at the Miners' Union hospital. Mr. Lewis is now doing a well and it is hoped will soon be around again.

Many people here are dissatisfied with the present telephone service as some evenings they have to wait five, ten and even fifteen minutes before they can get central to answer. We cannot blame them, but a better telephone service than what we have been getting recently is badly needed.

The Prize for the best costume given at the Masquerade ball, which was given in the opera house here on Sunday last, was awarded to Charles Johnson who wore a military suit; Y. Little, who was dressed as a few dollar man for the prize for the best costume; and the judges awarded Mrs. James McNeill who was dressed like a Gipsy gown the best costume and awarded her the prize for same while Mrs. James Burrows was awarded a complimentary prize.

THE ANNUAL COUNCIL MEETING

Councillors for 1909 Nominated—Big Things Are Planned for 1909

The annual meeting of the Coleman council was held in the school house on Monday night last. Alex. Cameron, chairman; P. G. Graham, Edward Holmes, councillors; D. W. Benedict, secretary-treasurer and several other prominent citizens were present.

The first item of business was the reading of nomination papers from candidates for councillors. Those nominated were: P. G. Graham, nominated by L. Schorn and P. Willmott; Alex. Cameron, nominated by D. J. McIntyre and H. Gate; J. O. C. McDonald, nominated by Alex. Cameron and James Hilling; D. J. Hill, nominated by J. A. Price and W. L. Olinette.

The following is the secretary-treasurer's report which was then read:

SECRETARY-TREASURER'S REPORT FOR 1908	
Balance on hand	\$ 453.80
Taxes	2,389.20
Post taxes	1,011.00
Licenses	285.00
Fines	8.00
Dog Taxes	67.00
Sidewalk	14.50
	\$4,738.50
Auditor's Salary	\$ 5.00
Returning Officer's Salary	5.00
Postage and Express	50c
Stationery and Printing	20.00
Postage on Mails	10.00
Postage on Hardware Co.	31.50
Debitures	144.00
International Coal & Oil Co.	1.00
Water and Light	600.00
Business Drug Co.	2.00
Telephone account	1.00
Interest	4.00
Fire department	37.50
Sidewalks	638.01
Constable	610.00
Secretary-Treasurer's Salary	300.00
Streets	1,484.40
Cash on hand	357.00
	\$1,733.50

O. W. BENEDICT, Secretary-Treasurer.

The fire chief's report was then read, a part of which was as follows:

FIRE CHIEF'S REPORT OF FIRES DURING 1908

Fire alarm at 11:15 p.m. on January

A boxing contest will be witnessed at the opera house on the 15th inst. Jim Burrows and Walter Johnston will be the boxers.

Our Fire Chief is a very thoughtful man, always ready for any emergency as is evidenced by the fact that on Monday night when it was 50 degrees below zero, he was up all night as he always responds immediately to the call of duty should the fire bell ring. It is hoped that this town will retain the service of such a thoughtful fire chief.

J. A. McDonald, the popular Sun Life Assurance man, of Lundbreck, received the following message from Head office on Friday last which speaks for itself: "Applications expected \$1,000,000 for the year, an increase of \$1,000,000. Canadian increase \$50,000. Accept of our congratulations for work done in Alberta. Signed, F. G. Cope."

Tom Marks and his excellent company will entertain the people of Coleman for three nights commencing Jan. 14th in a repetition of the latest up-to-date New York successes. On Thursday night the famous "Irish Emigrant" will be produced with up-to-date vaudeville, illustrated songs and moving pictures. Don't forget the date Jan. 14th, 15th & 16th. See ad. on other page.

What came very near resulting in a very serious accident happened at Coleman on Friday morning last upon the arrival of the westbound express. A large number of people were returning from the ball given at Frank on the previous night, and even before the train stopped some of the passengers got off but many who did get off after the arrival at the station did so at a great risk as the train only stopped a few seconds and many passengers were carried about two hundred yards west of the station where the train was brought to a standstill and also had their goods lost.

ALBERTA LEGISLATURE

Will Meet on January 14—Many Important Questions to Come Before the Assembly

Edmonton, Jan. 7.—The fourth session of the first legislature of Alberta will be convened by Lieutenant-Governor Bulyea next Thursday, January 14. This will be the final session of the present legislature. Two of the important questions to come before the next session of the legislative assembly are the government railway policy and the redistribution of the provinces. A redistribution of the provincial electoral districts, whereby Edmonton and Calgary will be given two representatives in the assembly, and an additional district will be created in Bow River district by cutting off the Pass country as a constituency by itself, will be introduced at the session of the Alberta legislature. The redistribution is provided for in view of the fact that the provincial election will probably take place in June next. It will give a total representation in the house of 40 instead of the present 25.

REDISTRIBUTION IN ALBERTA

The Mingley committee ago intimated that it was likely a redistribution of the provincial electoral districts would be made at the next sitting of the legislature. Now comes the news that the redistribution of the electoral districts will be made at the next sitting of the legislature. The committee has decided to divide the province into 40 districts, 20 in the north and 20 in the south. The committee has decided to divide the province into 40 districts, 20 in the north and 20 in the south. The committee has decided to divide the province into 40 districts, 20 in the north and 20 in the south.

On the 24th, fire in Police Court building, cause by accident from a small heater. Fire alarm at 5 p.m. on September 10th, fire in building which was vacant, no damage, cause unknown.

FRANK G. GRAHAM, Fire Chief.

Councillor Cameron who was called upon to address those present spoke at length of the many progressive strides which Coleman had made during the past year, of the numerous things which have been accomplished by the council during 1908 all of which have tended to make Coleman what it is today—the cleanest, most up-to-date and most attractive little town in Alberta. Mr. Cameron also spoke of several other needed improvements which, if effected, would be of great benefit to Coleman, among them being a larger fire hall with sleeping accommodations for eight or ten firemen, better equipment for fire fighting, a bridge at the east end of Central avenue, and the removal of the rock along the trail between Coleman and Star town was very urgently needed and he fully believed that the Alberta government would supply sufficient funds to have this great barrier to the west of us removed before long.

Councillor Holmes, during the course of his remarks, said that he also wished to remind the taxpayers of the great necessity of having the town better equipped with fire fighting apparatus and other improvements spoken of by the previous speaker.

Councillor Holmes was then called upon to speak. He did not think that there was room for much more comment, as Councillor Cameron had said all that was worth saying. He did not approve of the town erecting such a small fire hall, but he hoped to see a larger one some time in the near future. The path between the Church of England church and the hall would be to be paved, graded, graded and transformed into a street as that part of the town required it.

Mr. Hilling, Mr. President, I should like to ask Mr. Cameron, where the new fire hall would be placed. Mr. Cameron: I should like for it to be placed where it would be of most use to the town, probably at the upper end of Third street, but the exact location he did not get into upon himself.

A WONDERFUL FISH STORY
The Vancouver World published a little while ago the following fish story:—"Last night, Simon Day, a veteran fisherman of this city, caught a monstrous cod-fish just outside the harbor, and brought the fish to the city, where it was placed on exhibition. The cod was of extraordinary size and out of all proportion to the ordinary. A vivisection was ordered and one of the most remarkable things ever heard of in piscatorial life was brought to light."
Inside the big fellow was another cod-fish, some twenty inches in length; inside this cod was a rock cod, eighteen inches in length, and inside this was another ten inches in length. To make the story complete, inside the innermost cod was the herring, which Mr. Day was using as bait.
"The fish are exactly as stated. The big fish was dissected behind the Vendome hotel bar, and the examination was witnessed by a score of witnesses. The best authorities on cod and their habits made no mention of such an occurrence as happened to this fish, and the oldest fisherman in town never heard of such an incident."
"The fish are now on exhibition at the Vendome hotel, and attract a large crowd of curiosity seekers." If you may read the foregoing article with wonderment but the Coleman boys say that Bob Laird can beat this evertime. If you want to see Simon Day's record borrow Bob's fishing tackle and go to his old fishing hole.

PASS NOMINATIONS

The Pass village nominations result-
ed as follows:
FRANK—H. Murphy, J. Willer, W.
McGowan, S. J. Watson and Dr. Mal-
colmsen.
BLAIRMORE—James E. Boyle, J.
Morris, M. Ross, Thomas Frayer, L.
Dutet and H. E. Lyon.
COLEMAN—A. A. Cameron, F. G.
Graham, J. O. C. McDonald and D. J.
Hill. Hot contests are likely to take
place in Frank and Blairmore.

MAH HONG HANGED

Ma Hong, the Chinaman who murdered
his brother by shooting him at
Blairmore, July last, paid the penalty
Tuesday morning by being hanged in
Marled barracks yard. He had noth-
ing to say and went to his death
apparently unmoved. Hangman Rad-
cliffe officiated. It is understood that
Ma Hong made an attempt at suicide
last Saturday by tying his neck tightly
around his neck. The attempt would
probably have been successful had it
not been for the timely interference of
one of the guards.

THE MONTREAL WITNESS

Rumor mentioned that W. R. Hearst
the American yellow journalist, was
negotiating to purchase the Montreal
Witness, but John Dougall, the owner,
denies the story. It would be a great
pity to see such a high class journal as
the Witness pass into the hands of
such a journalistic parasite as Hearst.
It would be like putting a snail in
charge of a church. The Witness is
the cleanest paper in Canada. In fact
it is recognized as a Christian daily.
It refuses certain classes of advertising
and does not give prominence to crime
in its columns. It is not paying large
dividends it is true, for the people who
criticize other newspapers for carrying
liquor advertisements and publishing
reports of murder cases, prize fights
and the like, fail to support the only
newspaper in Canada which keeps
such matters out of its columns. It is
the old story, those who boast the
need for high morals in journalism
show little sympathy for the paper
that adopts their ideas. John Dougall,
however, is a man who is not influ-
enced by monetary considerations. He
stands by his principles, whether he
loses money or not. The Witness is a
distinct credit to Canadian journalism.
Its opinions carry weight. Its editor-
ials are probably the best written in
Canada and it would bring grief to
many a heart if such a fine type of
newspaper was to get into the hands
of Hearst, the founder of yellow jour-
nalism.—Lethbridge Daily Herald.

ATTORNEY GENERAL ISSUED WARN- INGS

At Edmonton, Alta., a travelling
troupe of singers gave a concert on
Sunday November 22nd, taking a sil-
ver collection at the door. During
the next week the General and As-
sistant Secretaries waited upon Hon. C.
W. Cross, the Attorney General,
pointing out that this was a double
violation of the law. This troupe was
doing the work of their ordinary call-
ing; and also that it was in violation
of the section which forbids any per-
son on the Lord's day "to provide,
engage in, or be present at any per-
formance or public meeting, other
where than in a church, at which any
fee is charged, directly or indirectly,
either for admission to and perfor-
mance of meeting, or to any place with-
in which the same is provided, or for
any service or privilege thereof."
The silver collection at the door was
certainly an indirect admission fee.
The Attorney-General viewed the
matter as did the Secretaries, and
promptly issued warnings that any
further concert on Sunday would re-
sult in the prosecution of the re-
sponsible parties.—Lord's Day
Advocate.

PINCHER CITY

Winter has just begun.

Have you broken your New
Year's resolution yet?

Use "New Life," the world's great-
est guaranteed cure for indigestion.

Mrs. Blake, of Okatoks, is
visiting Mr. and Mrs. Williams
this week.

Calgary and Lethbridge need
not think they are the only
cities who can prospect for gas,
our own city can boast of a
small strike.

Mr. Lewis who was telegraph
operator here for a short time
has been removed to St. Mary's
and has moved his family there.
Mr. Smith, of Cranbrook, is fill-
ing the position.

There is some talk of starting
an athletic association here.
Glove contests are the order of
the day here now and some
pretty good exhibitions of the
art have been seen.

A money order office has been
established in connection with
the post office here and money
orders may now be purchased
from the postmaster, W. J.
Hatfield, who is ever looking to
create conveniences for the
public.

Nominations for councillors
was held for the Summerview
local improvement district on
Monday of this week at which
a deeper interest was manifest-
ed than heretofore, and what
promises to be a strenuous
campaign is at hand. In town-
ship 7, range 29 the candidates
are W. Liddell and James Cook.
Townships 7 and 8, range 30
Ned Simot and Mr. Barnett are
the candidates while in town-
ship 8, range 29, C. D. Dowling
was unopposed.

Use "New Life," the world's great-
est guaranteed cure for indigestion.

The snow which commenced
on Sunday night did not prove to
be the beginning of the winter
season in Southern Alberta and
on Monday morning the C. P.
R. began to feel the extent of
snowfall. The most of the trouble
experienced was in the moun-
tains where the fall was
heavier than on the prairies.
The Spokane flyer westbound
was held at Frank, No. 213
westbound at Lundbreck, No.
214 of Sunday night at Michel
and the Soo-Spokane eastbound
at Fernie until the snow plow
passed over the road from
Cranbrook. The plow passed
here about 4.40 p.m. The
passenger trains were enabled
to proceed as soon as the plow
had passed them.

The concert held in the
Methodist church here on Dec.
29th proved to be the treat of
the season. The evening was
very cold and many of those
from a distance who intended
coming were unable to be pres-
ent. The attendance, however,
was fully as good as expected
and the programme well filled
with good numbers. The sev-
eral numbers given by the
Pincher Creek choir, in solos,
duets and quartettes, were well
rendered and much appreciated
by the audience. Mr. Pickett
gave two selections on the
mandoline, establishing the fact
that beyond a doubt he is per-
fect master of the instrument.
His rendition of "Peaches and
Cream" was greatly appre-
ciated. The fan drill was a
feature of the evening. Those
taking part looked very pretty
in the dresses made for the
occasion. When the pro-
gramme was finished all present
partook of the coffee and cake
which was served and all left
the church thoroughly satisfied
with the evening.

Trade at the Store
that serves you best.

That is here.

PINCHER CITY, - ALBERTA

GAS FOR PINCHER CITY

Gas for Pincher City looks like a real live realization for commercial and domestic use in the near future, as a considerable quantity of gas has been struck at a depth of 500 feet in the suburbs of Pincher City.

The Gas Strike

was no surprise to the people in our neighboring town, Pincher Creek, as the fumes of gas have been very noticeable in that vicinity for some time past, especially in the vicinity of the Echo office, but not to the extent of being valuable for commercial or domestic purposes, but since the gas strike at Pincher City, the traces of gas in that vicinity seem to have disappeared entirely.

OIL is what we expect to be the next strike and what the company is after, and then watch

Pincher City Boom.

We have told you that Pincher City is going to boom in the year 1909; watch our predictions come true. Many of you who have been in the West for any length of time can call to your memory the many opportunities you have missed of making a fortune, and by a very small investment. Pincher City offers you an opportunity to make big money out of a very small investment. Are you going to pass it up as you did similar opportunities in the past? Who are the men who have made money? Are they the men who invested in Real Estate or are they the men who buried their money in old tin cans?

We have a few good Business Lots for Business Men

and residential lots for residential men that will be worth your while to inquire about. We also have a fine list of farming land close to Pincher City AT \$8 TO \$30 PER ACRE. If you are interested, call on or address

Meal Tickets, good for twenty one meals \$5.00

A LIST OF EARTHQUAKES RECORDED IN HISTORY

The first earthquake recorded in history occurred at the Island of Euboea, B. C. 426. In 343, Dargis, Greece, and all its inhabitants were buried and

twelve cities of Campania were also devastated. In Asia, "Popolis" and "Macedonia," 459 cities and towns were damaged by an earthquake in 157 A. D.

In 543 an earthquake of such gigantic violence occurred in Europe and its effects were felt all over the world. Constantinople was partially destroyed in 602 A. D., and thousands perished. Calais, in Sicily, was overturned, and 15,000 people perished in 1137. Twenty thousand people perished in Syria in 1153.

On February 27, 1531, 1,500 houses were destroyed at Lisbon, and 30,000 people buried in the ruins; and several neighboring towns were engulfed. At Schanckel, in 1697, an earthquake, lasting three months, occurred; and before the reign of terror ended 50,000 people perished.

Janach, was visited by an earthquake in 1692; Port Royal was totally destroyed and houses engulfed 40 fathoms deep; three thousand people perished. February 2, 1764, Japan, was visited. The city was ruined, and 600,000 people lost their lives. Lima and Callao were demolished in 1743, 13,000 people perishing in the ruins.

Perhaps the year 1755 witnessed one of the most terrible catastrophes ever attending an earthquake. Lisbon was visited; 50,000 people losing their lives. In Spain a large part of Malaga became ruins, one half of Fez, in Morocco, was destroyed, 12,000 people perishing. The Island of Madiera was affected, 2,000 houses in the Island of Mytilene, in the Archipelago, were overturned. This earthquake extended 5,000 miles, and its influence was even felt in Scotland.

In 1759 an earthquake occurred in Syria, extended over 10,000 square miles, and killing 20,000 people.

At Tauris, in 1759, 15,000 houses were destroyed, and multitudes perished in the ruins.

Messina, and other towns in Italy and Sicily, were overturned in 1783, and thousands perished. The whole country between Salut Fe and Panama was destroyed in 1797; 40,000 people perished in one second. "Greece, Palermo," Roum, and other towns were greatly shaken in 1819; thousands perishing.

Melfi, Italy, was laid in ruins in 181; 14,000 lives lost.

In 1807 the cities of Arequipa, Iquique, Tacna and Chucabita, and many towns in Peru and Ecuador were destroyed, and 25,000 persons perished.

An earthquake occurred in Quebec, in 170, although no serious damage resulted.

Several small towns were destroyed in California in 1772.

In 184 slight earthquake shocks were felt through the United States, extending from Washington to New York.

Again, in 1880, shocks were felt throughout the southern part of the United States; Charleston, S. C., partially destroyed, and Savannah and Washington feeling the effects of the shock.

An earthquake occurred in San Francisco, on May 6, 13 7, 170 people perishing.

Four thousand people were killed in an earthquake in Annam, China, in 88. San Cristobal, Mexico, 182; every building destroyed, and thousands made homeless.

In 1892, Kuchan, Persia, was visited by an earthquake, 12,000 deaths resulting.

In April, 1906, San Francisco was destroyed by an earthquake which extended for one hundred miles inland. Eight or nine square miles of the city were destroyed by fire which followed the earthquake and ten thousand people lost their lives. More than one hundred millions of dollars of property was destroyed.

On Jan. 14, 1907, Kingston, Jamaica, was visited by an earthquake which was the most recent one of any seriousness. In this upheaval many lives were lost and much property destroyed.

Besides the above enumerated catastrophes hundreds of similar ones have occurred at frequent intervals throughout the world. The southern and south western countries seem to be particularly susceptible of earthquakes, and the pages of history are fairly dotted with violent earthquake upheavals in the southern latitudes, California has been the scene of the most recent earthquakes, which can also be said of Italy and Japan.
